The amounts shown are a weighted-average based on actual usage by CLECs leasing Verizon's UNE-P in the first months of 2001.

Utilizing the methodology employed by Verizon in its supplemental response to Staff interrogatory PSC-VZ-18 in Case 00-C-1945, these rates will impact the average monthly cost of Verizon's UNE-P as follows.

UNE	OLD	NEW
Loop	\$14.05	\$11.49
Port	2.50	2.57
Average Usage per Line	10.61	5.08
Revenue Per Line	\$27.17	\$19.14

<sup>1</sup> These are melded integrated digital loop carrier (DLC)/ universal DLC rates as only one rate is to be charged for all loops leased.
